

2006 Energy Efficiency Charge Rates

The Public Service Board ("Board") has determined, based upon the calculations provided by the Department of Public Service and pursuant to Board Rule 5.300, that the 2006 Energy Efficiency Charge rates shall be as follows:

For customers of all utilities except for the City of Burlington Electric Department ("BED"):

Rates for Customers Without Demand Charges

Residential	\$0.00385/kWh
Commercial	\$0.00367/kWh
Industrial	\$0.00244/kWh

Rates for Customers with Demand Charges

Commercial demand customers	\$0.00218/kWh plus \$0.4815/kW
Industrial demand customers	\$0.00179/kWh plus \$0.3451/kW

Unmetered Street and Security Light Rate

\$0.00367/kWh times the nominal size of the light times 360 hours per month.

The Energy Efficiency Charge rates for BED customers:

Rates for Customers Without Demand Charges

Residential	\$0.00272/kWh
Commercial	\$0.00285/kWh
Industrial	\$0.00245/kWh

Rates for Customers with Demand Charges

Commercial demand customers	\$0.00196/kWh plus \$0.3320/kW
Industrial demand customers	\$0.00162/kWh plus \$0.3940/kW

Unmetered Street and Security Light Rate

\$0.00285/kWh times the nominal size of the light times 254 hours per month.
